

1. CORRESPONDENCE

1.1 GEESE IN SCHOOL GROUNDS

A letter was received from Jesse Brawley, a member of the Parkview School Student Council, outlining their concerns over geese 'poo' in their school grounds.

The Board **decided** to ask Council staff to meet urgently with the Parkview School and students to seek a solution to the problem of geese fouling the school playgrounds to address the health and safety issues of children playing on the fields.

1.2 NEW BRIGHTON MALL - CERAMIC TILES

A letter was tabled from Mark Munro outlining his suggestion to place ceramic type tiles between the palm trees. The tiles would be individually painted by local artists and school children. Mr Munro has agreed to meet the cost of the tiles but has requested that the Council cover the installation and painting/finishing costs of the tiles.

The Board **decided** that the correspondence item be received and forwarded to the Artworks in Burwood/Pegasus Working Party for consideration with a report back to the Board.
