

8. LINWOOD PARK PLAYGROUND REDEVELOPMENT

The Board considered a report from Joanne Walton, Parks and Waterways Area Advocate, seeking approval to the plan for the redevelopment of the playground in this park.

The report provided details of the results of the consultation on the proposed design for the playground, which provides for separate junior and senior playgrounds. While there had been a low response rate to the publicity information leaflet the responses received had been positive to the concept.

The Board **resolved** to approve the plans for redevelopment of the senior playground, and the construction of a new junior playground, at Linwood Park and that the Transport and Greenspace Unit commence the construction programme.

It also requested that staff re-examine the location of the new picnic tables in the senior playground to see if these could be relocated to more shaded positions.
