

2. COMMUNITY BOARD PRINCIPAL ADVISER'S UPDATE

The Board **received** a report on current topics of interest.

The Board also **received** a memorandum relating to an existing retaining wall by 36 and 38 Kinsey Terrace. The memorandum was in response to a resolution passed by the Board on 20 December 2006, and subsequent questions raised by Anna Crighton at the Board meeting on 14 March 2007. In response to other questions raised at that meeting, the plaques have been actioned and the other requests noted.

The memorandum state inter alia:

“Based on the findings of this second opinion (re: structural integrity of wall”) a new retaining wall has been included in the contract documents for Kinsey Terrace Street Renewal. In zone A the existing wall will be replaced with a new structural wall. Depending on the tender process received, the existing wall in Zones B and C will either be replaced in the contract with new structural walls, or not replaced but regularly monitored and appropriate action taken as and when required.”
