

3. NEW BRIGHTON FORESHORE - PADDLING POOL SHELTER

A memorandum was received from the Senior Contract Manager (Parks) in response to the removal of the paddling pool shelter on the beach front in New Brighton.

The Board **decided** to request that the Transport and Greenspace Manager investigate the reactivation of the New Brighton Beach Park Plan for this area, highlighting that it is a health and safety issue, and to consider a substitution to rectify the matter urgently and to report back to the Board in April 2007.
