

2. COMMUNITY BOARD ADVISER'S UPDATE

The Board **received** an update on forthcoming Board related activities over the coming weeks.

On the matter of the Council's Bylaw Review Subcommittee, feedback was being sought from Boards on the bylaws dealing with public places and signs.

For the assistance of its representative on the Council's Subcommittee (Tina Lomax), the Board indicated a preference for the relevant provisions of the Banks Peninsula bylaw noting similarities with the extensive coastal zone, recreational areas and tourist destinations located in the Burwood/Pegasus Ward.
