

2. BOARD MEMBERS' INFORMATION EXCHANGE

Board members were provided with an opportunity to share issues of concern and give a brief update on community activities. In particular, the following items were raised:

- (a) Mike Mora asked for advice from Council staff on whether Council had a view on the most appropriate future use of the Feltex site, including whether the Council could potentially purchase the site, noting that the land has strategic value in the Riccarton/Wigram ward.
- (b) With respect to the replacement tree planting in Kaniere Avenue, the Board requested that appropriate staff be informed of its preference to see urgent action on the planting rather than further consultation being undertaken and subsequent delays.
