

12. COUNCIL FARMS – GRAZING LICENCE TO TUSSOCK HILLS FARM LIMITED

The Board considered a report seeking approval under delegated authority to ratify an existing arrangement by issuing a licence to Tussock Hills Farm Limited over those areas of reserve land in the Burwood/Pegasus Ward contained within the Council's farm portfolio for a period of up to five years.

After full discussion, the Board **resolved** that the report be deferred and that a joint seminar on the matter be sought with the Hagley/Ferrymead Community Board on Monday 10 September 2007 at 5.00pm and that the seminar include discussions with representatives of local grazing interests and further that any other relevant information be provided by staff at the seminar.
