

12. 6. 2008

HAGLEY/FERRYMEAD COMMUNITY BOARD

**A meeting of the Hagley/Ferrymead Community Board
was held on Wednesday 7 May 2008 at 3pm
in the Boardroom, Linwood Service Centre**

PRESENT: Bob Todd (Chairperson), John Freeman, Brenda Lowe-Johnson, Tim Carter, Rod Cameron, and Yani Johanson.

APOLOGIES: An apology for absence was received and accepted from David Cox.

Brenda Lowe-Johnson retired temporarily and was absent for part of clause 18. John Freeman retired temporarily and was absent for Clauses 1, 2 and 3.

The Board reports that:

PART A – MATTERS REQUIRING A COUNCIL DECISION

1. CASHEL STREET BY CANTERBURY MAZDA – PROPOSED P5 LOADING ZONE (GOODS VEHICLES ONLY)

General Manager responsible:	General Manager City Environment, DDI 941-8608
Officer responsible:	Transport and Greenspace Manager
Author:	Jeff Owen / Barry Cook

PURPOSE OF REPORT

1. The purpose of this report is to seek the Council's approval of the installation of a P5 Loading Zone (Goods Vehicle Only) in Cashel Street, east of Madras Street outside Canterbury Mazda and Blackwell Motors (**attachment 1** refers).

EXECUTIVE SUMMARY

2. Over the last few years there has been an increase in the use of car transporters to deliver vehicles to car yards and dealerships within the City. Concerns have been expressed from motorists including cyclists and bus operators on the unloading and loading of vehicles within the traffic lane.
3. The main concern has been the safety to others and the driver of the car transporter while he delivers the vehicles to the car yard or dealership. Presently, at the majority of sites, the transporter is double parked in the traffic lane whilst delivering vehicles. This obstructs the traffic lane requiring passing motorists to cross the centre line into the path of oncoming traffic to pass the stationary transporter. In the case of delivering in a one way street, one of the two traffic lanes is blocked causing congestion and delay.
4. Many of the car yards and dealerships provide onsite delivery areas for the smaller two axle car transporters as they were required to under the City Plan requirements when the yard was established. Over time, however, the size of the transporter used has increased to the maximum allowable length under the transport rules of the country. Many are now "b" train size transporters of 20 metres in length. Most of the existing onsite delivery areas at car yards and dealerships are not able to accommodate these vehicles.
5. The most practical and cost effective way to solve the problem of car transporters obstructing the traffic lane is to provide dedicated loading zones against the kerb where possible. Outside or adjacent to a large number of the city's car yards and dealerships are existing loading zones which are not suitably located or of insufficient length to accommodate the larger transporters that are in use today.

12. 6. 2008

Hagley/Ferrymead Community Board 7.5.2008

6. Extending and relocating the existing on-street loading zones at each site may eliminate the obstruction of traffic lanes. It is noted that by revising the current loading zones for goods vehicles only at these locations will also benefit the wider business area by providing areas for other truck related deliveries to surrounding businesses.
7. In this instance, it is proposed to establish a 'P5 Loading Zone (Goods Vehicles Only)' on the northern side of Cashel Street outside Canterbury Mazda. This will replace the existing 'P60' parking restriction. It will be positioned immediately downstream of the main vehicle entrance for improved access. The required minimum length of the loading zone is 26 metres. This will provide an area behind the transporter for ramp deployment and a manoeuvring area for vehicles to unload/load.
8. The proposal will serve both Canterbury Mazda and Blackwell Motors dealerships for vehicle delivery purposes. Both dealerships are supportive of the initiative to remove loading from the traffic lane hence they support this proposal.

FINANCIAL IMPLICATIONS

9. An estimate cost of this work is \$1000.

Do the Recommendations of this Report Align with 2006-16 LTCCP budgets?

10. The installation and removal of road markings and signs is within the LTCCP Street and Transport Operational Budgets.

LEGAL CONSIDERATIONS

11. The Land Transport Rules provide for the installation of parking restrictions.

Have you considered the legal implications of the issue under consideration?

12. As above.

ALIGNMENT WITH LTCCP AND ACTIVITY MANAGEMENT PLANS

13. Aligns with the Streets and Transport activities by contributing to the Council's Community Outcomes-Community and safety.

Do the recommendations of this report support a level of service or project in the 2006-16 LTCCP?

14. This contributes to improve the level of service for parking and safety.

ALIGNMENT WITH STRATEGIES

15. The recommendations align with the Council's Parking Strategy 2003.

Do the recommendations align with the Council's strategies?

16. As above.

CONSULTATION FULFILMENT

17. Consultation has been carried out with Canterbury Mazda and Blackwell Motors. A meeting has been held with the Dealer Principal from each dealership to seek opinions and views to the needs of their businesses. Both dealerships support the establishment of a 'P5 Loading Zone (Goods Vehicles Only)' on the northern side of Cashel Street to service their businesses.

12. 6. 2008

Hagley/Ferrymead Community Board 7.5.2008

STAFF RECOMMENDATION

It is recommended that the Council approve:

- (a) That the 60 minutes parking restriction on the north side of Cashel Street commencing at a point 99 metres from its intersection with Madras Street and extending in an easterly direction for a distance of 26 metres be revoked.
- (b) That a "Loading Zone (Goods Vehicles Only) for a maximum of 5 minutes" be created on the north side of Cashel Street commencing at a point 99 metres from its intersection with Madras Street and extending in an easterly direction for a distance of 26 metres.

BOARD RECOMMENDATION

That the staff recommendation be adopted.

2. MANCHESTER STREET BY COCKRAM NISSAN – PROPOSED P5 LOADING ZONE (GOODS VEHICLES ONLY)

General Manager responsible:	General Manager City Environment, DDI 941-8608
Officer responsible:	Transport and Greenspace Manager
Author:	Jeff Owen / Barry Cook

PURPOSE OF REPORT

- 1. The purpose of this report is to seek the Council's approval to extend an existing 'P5 Loading Zone (Goods Vehicle Only)' in Manchester Street, south of Mortimer Place outside Cockram Nissan (**attachment 1** refers).

EXECUTIVE SUMMARY

- 2. Over the last few years there has been an increase in the use of car transporters to deliver vehicles to car yards and dealerships within the City. Concerns have been expressed from motorists including cyclists and bus operators on the unloading and loading of vehicles within the traffic lane.
- 3. The main concern has been the safety to others and the driver of the car transporter while he delivers the vehicles to the car yard or dealership. Presently, at the majority of sites, the transporter is double parked in the traffic lane whilst delivering vehicles. This obstructs the traffic lane requiring passing motorists to cross the centre line into the path of oncoming traffic to pass the stationary transporter. In the case of delivering in a one way street, one of the two traffic lanes is blocked causing congestion and delay.
- 4. Many of the car yards and dealerships provide onsite delivery areas for the smaller two axle car transporters as they were required to under the City Plan requirements when the yard was established. Over time however, the size of the transporter used has increased to the maximum allowable length under the transport rules of the country. Many are now "b" train size transporters of 20 metres in length. Most of the existing onsite delivery areas at car yards and dealerships are not able to accommodate these vehicles.
- 5. The most practical and cost effective way to solve the problem of car transporters obstructing the traffic lane is to provide dedicated loading zones against the kerb where possible. Outside or adjacent to a large number of the City's car yards and dealerships are existing loading zones which are not suitably located or of insufficient length to accommodate the larger transporters that are in use today.
- 6. Extending and relocating the existing on-street loading zones at each site, may eliminate the obstruction of traffic lanes. It is noted that by revising the current loading zones for goods vehicles only at these locations will also benefit the wider business area by providing areas for other truck related deliveries to surrounding businesses.

12. 6. 2008

Hagley/Ferrymead Community Board 7.5.2008

7. In this instance, it is proposed to extend the existing 'P5 Loading Zone (Goods Vehicles Only)' on the eastern side of Manchester Street outside Cockram Nissan. Currently the car transporter is overhanging the marked loading zone box and infringing on the broken yellow "no stopping" lines. This will be achieved by removing a small portion of the existing no stopping lines that extend back from the Moorhouse Avenue intersection.
8. The extended 'P5 Loading Zone (Goods Vehicles Only)' will be vacant for most of the day due to its "Goods Vehicle Only" status hence there is no expected level of service reduction to traffic using the left turn traffic lane. It is noted that the length of each visit to the site by the car transporter is an average of 10 minutes. The extended loading zone is positioned immediately downstream of Mortimer Place to afford easy access to the loading zone.
9. The minimum length of the loading zone required is 26 metres, to provide an area behind the transporter for ramp deployment and a manoeuvring area for vehicle unloading/loading. In this instance, 26 metres is not achievable so, a 24 metres length loading zone is proposed. The manoeuvring area will take place at the Manchester Street/Mortimer Place intersection. Mortimer Place is a low volume cul de sac which provides access to Cockram Nissans service reception and vehicle storage areas.
10. Cockram Nissan is supportive of this proposal.

FINANCIAL IMPLICATIONS

11. An estimate cost of this work is \$500.

Do the Recommendations of this Report Align with 2006-16 LTCCP budgets?

12. The installation and removal of road markings and signs is within the LTCCP Street and Transport Operational Budgets.

LEGAL CONSIDERATIONS

13. The Land Transport Rules provide for the installation of parking restrictions.

Have you considered the legal implications of the issue under consideration?

14. As above.

ALIGNMENT WITH LTCCP AND ACTIVITY MANAGEMENT PLANS

15. Aligns with the Streets and Transport activities by contributing to the Council's Community outcomes-Community and Safety.

Do the recommendations of this report support a level of service or project in the 2006-16 LTCCP?

16. This contributes to improve the level of service for parking and safety.

ALIGNMENT WITH STRATEGIES

17. The recommendations align with the Council's Parking Strategy 2003.

Do the recommendations align with the Council's strategies?

18. As above.

CONSULTATION FULFILMENT

19. Consultation has been carried out with Cockram Nissan. A meeting has been held with a representative from the dealership to seek opinions and views to the needs of their business. Cockram Nissan supports the extension of the existing 'P5 Loading Zone (Goods Vehicles Only)' on the eastern side of Manchester Street outside its dealership.

STAFF RECOMMENDATION

It is recommended that the Council approve:

12. 6. 2008

Hagley/Ferrymead Community Board 7.5.2008

- (a) That the existing “P5 Loading Zone (Goods Vehicles Only)” on the east side of Manchester Street, commencing at a point six metres from its intersection with Mortimer Place and extending in a southerly direction for a distance of 10.5 metres, be revoked.
- (b) That the existing stopping of vehicles be prohibited at all times, outside Cockram Nissan on the east side of Manchester Street commencing at a point 16.5 metres from its intersection with Mortimer Place and extending in a southerly direction for a distance of 13.5 metres, be revoked.
- (c) That a “Loading Zone (Goods Vehicles Only) for a maximum period of 5 minutes” be created on the east side of Manchester Street commencing at a point six metres from its intersection with Mortimer Place and extending in a southerly direction for a distance of 24 metres.

BOARD RECOMMENDATION

That the staff recommendation be adopted.

3. MOORHOUSE AVENUE – PROPOSED P5 LOADING ZONE (GOODS VEHICLES ONLY)

General Manager responsible:	General Manager City Environment, DDI 941-8608
Officer responsible:	Transport and Greenspace Manager
Author:	Jeff Owen / Barry Cook

PURPOSE OF REPORT

- 1. The purpose of this report is to seek the Council’s approval to install a ‘P5 Loading Zone (Goods Vehicle Only)’ in Moorhouse Avenue, east of Montreal Street, outside Paul’s Cars and Transworld Motors.

EXECUTIVE SUMMARY

- 2. Over the last few years, there has been an increase in the use of car transporters to deliver vehicles to car yards and dealerships within the City. Concerns have been expressed from motorists including cyclists and bus operators on the unloading and loading of vehicles within the traffic lane.
- 3. The main concern has been the safety to others and the driver of the car transporter while he delivers the vehicles to the car yard or dealership. Presently, at the majority of sites, the transporter is double parked in the traffic lane whilst delivering vehicles. This obstructs the traffic lane requiring passing motorists to cross the centre line into the path of oncoming traffic to pass the stationary transporter. In the case of delivering in a one way street, one of the two traffic lanes is blocked causing congestion and delay.
- 4. Many of the car yards and dealerships provide onsite delivery areas for the smaller two axle car transporters as they were required to under the City Plan requirements when the yard was established. Over time however, the size of the transporter used has increased to the maximum allowable length under the transport rules of the country. Many are now “b” train size transporters of 20 metres in length. Most of the existing onsite delivery areas at car yards and dealerships are not able to accommodate these vehicles.
- 5. The most practical and cost effective way to solve the problem of car transporters obstructing the traffic lane is to provide dedicated loading zones against the kerb where possible. Outside or adjacent to a large number of the City’s car yards and dealerships are existing loading zones which are not suitably located or of insufficient length to accommodate the larger transporters that are in use today.
- 6. Extending and relocating the existing on-street loading zones at each site, may eliminate the obstruction of traffic lanes. It is noted that by revising the current loading zones for goods vehicles only at these locations will also benefit the wider business area by providing areas for other truck related deliveries to surrounding businesses.
- 7. In this instance, it is proposed to establish a ‘P5 Loading Zone (Goods Vehicles Only)’ on the northern side of Moorhouse Avenue outside Paul’s Cars and Transworld Motors. This will replace the existing P60 parking restriction. It will be positioned immediately downstream of the

12. 6. 2008

Hagley/Ferrymead Community Board 7.5.2008

vehicle entrance to Paul's Cars to afford easy access to the loading zone. The minimum length required of the loading zone is 26 metres to provide an area behind the transporter for ramp deployment and a manoeuvring area for vehicle unloading/loading.

8. At this location, a shorter loading zone of only 24 metres can be achieved due to driveway locations, however, the area immediately west of the driveway to Paul's Cars is a bus stop where manoeuvring can take place if required. It must be noted that a 26 metre loading zone is required for the largest car transporter.
9. The proposal will serve both Paul's Cars and Transworld Motors car yards for vehicle delivery purposes. Both yards are supportive of this initiative to remove loading from the live traffic lane hence they support this proposal.
10. Concern has been expressed at the loss of kerb side parking for the car yards customers. Currently the existing P60 parking restriction outside Paul's Cars and Transworld Motors can accommodate up to four vehicles. This area is proposed to be replaced by the P5 Loading Zone (Goods Vehicles Only). Immediately to the west of Paul's Cars entrance is an existing bus stop of 26 metre in length. It is proposed to relocate this bus stop further to the west and adjacent to Montreal Street (**attachment 1** refers). This will allow three car parking spaces to be established in the position of the existing bus stop.
11. By relocating the bus stop and establishing car parking in its original position, will result in the loss of one on-street car parking space. Both car yards have good on site customer car parking facilities, therefore the loss of one on street car park is not seen as a significant issue.
12. Relocating of the bus stop west towards Montreal Street will provide better access to the stop for the bus. The proposed relocated bus stop will be 21.5 metres in length giving adequate manoeuvring space for the bus to pull in and out of the stop. Environment Canterbury (ECan) has been consulted and has agreed to this change.

FINANCIAL IMPLICATIONS

13. An estimate cost of this work is \$1000.

Do the Recommendations of this Report Align with 2006-16 LTCCP budgets?

14. The installation and removal of road markings and signs is within the LTCCP Street and Transport Operational Budgets.

LEGAL CONSIDERATIONS

15. The Land Transport Rules provide for the installation of parking restrictions.

Have you considered the legal implications of the issue under consideration?

16. As above.

ALIGNMENT WITH LTCCP AND ACTIVITY MANAGEMENT PLANS

17. Aligns with the Streets and Transport activities by contributing to the Council's Community outcomes-Community and Safety.

Do the recommendations of this report support a level of service or project in the 2006-16 LTCCP?

18. This contributes to improve the level of service for parking and safety.

ALIGNMENT WITH STRATEGIES

19. The recommendations align with the Council's Parking Strategy 2003.

Do the recommendations align with the Council's strategies?

20. As above.

12. 6. 2008

Hagley/Ferrymead Community Board 7.5.2008

CONSULTATION FULFILMENT

21. Consultation has been carried out with Paul's Cars and Transworld Motors car yards. A meeting has been held with a representative from each yard to seek opinions and views to the needs of their businesses. Both car yards support the establishment of a 'P5 Loading Zone (Goods Vehicles Only)', the bus stop and car parking relocation on the northern side of Moorhouse Avenue to service their businesses. ECAN has been consulted and support the relocation of the bus stop.

STAFF RECOMMENDATION

It is recommended that the Council approve:

- (a) The existing 60 minute parking restriction on the north side of Moorhouse Avenue commencing at a point 57 metres from its intersection with Montreal Street and extending in an easterly direction for a distance of 24 metres be revoked.
- (b) The existing stopping of vehicles be prohibited at any time on the north side of Moorhouse Avenue commencing at Montreal Street and extending in an easterly direction for a distance of 25.5 metres be revoked.
- (c) The existing 'Bus Stop' restriction on the north side of Moorhouse Avenue commencing at a point 25.5 metres from its intersection with Montreal Street and extending in an easterly direction for a distance of 25.5 metres be revoked.
- (d) That a "Loading Zone (Goods Vehicles Only) for a maximum of 5 minutes" be created on the north side of Moorhouse Avenue commencing at a point 57 metres from its intersection with Montreal Street and extending in an easterly direction for a distance of 24 metres.
- (e) That the stopping of vehicles be prohibited at any time on the north side of Moorhouse Avenue commencing at its intersection with Montreal Street and extending in an easterly direction for a distance of 15 metres.
- (f) That a 'Bus Stop' be installed on the north side of Moorhouse Avenue commencing at a point 15 metres from its intersection with Montreal Street and extending in an easterly direction for a distance of 21.5 metres.

BOARD RECOMMENDATION

That the staff recommendation be adopted.

4. ST ASAPH STREET BY EUROMARQUE CITROEN – PROPOSED P5 LOADING ZONE (GOODS VEHICLES ONLY)

General Manager responsible:	General Manager City Environment, DDI 941- 8608
Officer responsible:	Transport and Greenspace Manager
Author:	Jeff Owen / Barry Cook

PURPOSE OF REPORT

1. The purpose of this report is to seek the Council's approval to install a 'P5 Loading Zone (Goods Vehicle Only)' in St Asaph Street, west of Durham Street, outside the Euromarque Citroen dealership (**attachment 1** refers).

12. 6. 2008

Hagley/Ferrymead Community Board 7.5.2008

EXECUTIVE SUMMARY

2. Over the last few years there has been an increase in the use of car transporters to deliver vehicles to car yards and dealerships within the City. Concerns have been expressed from motorists including cyclists and bus operators on the unloading and loading of vehicles within the traffic lane.
3. The main concern has been the safety to others and the driver of the car transporter while he delivers the vehicles to the car yard or dealership. Presently, at the majority of sites, the transporter is double parked in the traffic lane whilst delivering vehicles. This obstructs the traffic lane requiring passing motorists to cross the centre line into the path of oncoming traffic to pass the stationary transporter. In the case of delivering in a one way street, one of the two traffic lanes is blocked causing congestion and delay.
4. Many of the car yards and dealerships provide onsite delivery areas for the smaller two axle car transporters as they were required to under the City Plan requirements when the yard was established. Over time however, the size of the transporter used has increased to the maximum allowable length under the transport rules of the country. Many are now "b" train size transporters of 20 metres in length. Most of the existing onsite delivery areas at car yards and dealerships are not able to accommodate these vehicles.
5. The most practical and cost effective way to solve the problem of car transporters obstructing the traffic lane is to provide dedicated loading zones against the kerb where possible. Outside or adjacent to a large number of the City's car yards and dealerships are existing loading zones which are not suitably located or of insufficient length to accommodate the larger transporters that are in use today.
6. Extending and relocating the existing on-street loading zones at each site, may eliminate the obstruction of traffic lanes. It is noted that by revising the current loading zones for goods vehicles only at these locations will also benefit the wider business area by providing areas for other truck related deliveries to surrounding businesses.
7. In this instance, it is proposed to install a 'P5 Loading Zone (Goods Vehicles Only)' on the north side of St Asaph Street outside the Euromarque Citroen dealership. The proposed loading zone will replace a length of existing 'P60' restricted parking. It will be positioned immediately downstream of their main vehicle entrance to afford easy access to the loading zone. The minimum length required of the loading zone is 26 metres to provide an area behind the transporter for ramp deployment and a manoeuvring area for vehicle unloading/loading.
8. A loading zone of 26 metres in length cannot be achieved in this location due to driveway access to businesses. However, a shorter length loading zone of 22 metres can be provided. The ramp deployment and a manoeuvring area will be partially over the entrance but access will still be available.
9. Cockram Group dealership, which owns Euromarque Citroen is supportive of this initiative to remove loading from the traffic lane hence they support this proposal.

FINANCIAL IMPLICATIONS

10. An estimate cost of this work is \$500.

Do the Recommendations of this Report Align with 2006-16 LTCCP budgets?

11. The installation and removal of road markings and signs is within the LTCCP Street and Transport Operational Budgets.

LEGAL CONSIDERATIONS

12. The Land Transport Rules provide for the installation of parking restrictions.

Have you considered the legal implications of the issue under consideration?

13. As above.

12. 6. 2008

Hagley/Ferrymead Community Board 7.5.2008

ALIGNMENT WITH LTCCP AND ACTIVITY MANAGEMENT PLANS

14. Aligns with the Streets and Transport activities by contributing to the Council's Community outcomes-Community and Safety.

Do the recommendations of this report support a level of service or project in the 2006-16 LTCCP?

15. This contributes to improve the level of service for parking and safety.

ALIGNMENT WITH STRATEGIES

16. The recommendations align with the Council's Parking Strategy 2003.

Do the recommendations align with the Council's strategies?

17. As above.

CONSULTATION FULFILMENT

18. Consultation has been carried out with the Cockram Group dealership. A meeting has been held with the Managing Director from the dealership to seek opinions and views to the needs of their business. Cockram Group supports the establishment of a 'P5 Loading Zone (Goods Vehicles Only)' on the north side of St Asaph Street to service their business needs.

STAFF RECOMMENDATION

It is recommended that the Council approve:

- (a) That the existing 60 minute parking restriction on the north side of St Asaph Street commencing at a point 63 metres from its intersection with Durham Street South and extending in a westerly direction for a distance of 22 metres, be revoked.
- (b) That a 'Loading Zone (Goods Vehicles Only) for a maximum of 5 minutes' be created on the north side of St Asaph Street commencing at a point 63 metres from its intersection with Durham Street South and extending in a westerly direction for a distance of 22 metres.

BOARD RECOMMENDATION

That the staff recommendation be adopted.

5. TUAM STREET BY ARCHIBALDS – PROPOSED P5 LOADING ZONE (GOODS VEHICLES ONLY)

General Manager responsible:	General Manager City Environment, DDI 941- 8608
Officer responsible:	Transport and Greenspace Manager
Author:	Jeff Owen / Barry Cook

PURPOSE OF REPORT

1. The purpose of this report is to seek the Council's approval to install a 'P5 Loading Zone (Goods Vehicle Only)' on Tuam Street, east of Antigua Street outside Archibalds on Tuam (**attachment 1** refers).

EXECUTIVE SUMMARY

2. Over the last few years, there has been an increase in the use of car transporters to deliver vehicles to car yards and dealerships within the City. Concerns have been expressed from motorists including cyclists and bus operators on the unloading and loading of vehicles within the traffic lane.
3. The main concern has been the safety to others and the driver of the car transporter while he delivers the vehicles to the car yard or dealership. Presently, at the majority of sites, the

12. 6. 2008

Hagley/Ferrymead Community Board 7.5.2008

transporter is double parked in the traffic lane whilst delivering vehicles. This obstructs the traffic lane requiring passing motorists to cross the centre line into the path of oncoming traffic to pass the stationary transporter. In the case of delivering in a one way street, one of the two traffic lanes is blocked causing congestion and delay.

4. Many of the car yards and dealerships provide onsite delivery areas for the smaller two axle car transporters as they were required to under the City Plan requirements when the yard was established. Over time however, the size of the transporter used has increased to the maximum allowable length under the transport rules of the country. Many are now "b" train size transporters of 20 metres in length. Most of the existing onsite delivery areas at car yards and dealerships are not able to accommodate these vehicles.
5. The most practical and cost effective way to solve the problem of car transporters obstructing the traffic lane is to provide dedicated loading zones against the kerb where possible. Outside or adjacent to a large number of the City's car yards and dealerships are existing loading zones which are not suitably located or of insufficient length to accommodate the larger transporters that are in use today.
6. By installing and extending or relocating the existing on-street loading zones at each site, may eliminate the obstruction of traffic lanes. It is noted that by revising the current loading zones for goods vehicles only at these locations will also benefit the wider business area by providing areas for other truck related deliveries to surrounding businesses.
7. In this instance, it is proposed to establish a 'P5 Loading Zone (Goods Vehicles Only)' on the southern side of Tuam Street, east of Antigua Street, outside Archibalds on Tuam. This will replace a section of broken yellow "no stopping" lines extending back from the Antigua Street intersection. It will be positioned immediately downstream of Archibalds on Tuam's vehicle entrance to their service workshop to afford easy access to the loading zone. The minimum length required of the loading zone is 26 metres, to provide an area behind the transporter for ramp deployment and a manoeuvring area for vehicle unloading/loading.
8. The existing broken yellow "no stopping" lines extend 85 metres back from the intersection of Antigua Street to allow for a left and through traffic lane. However, the left and through lane is seldom used to its full capacity. Currently the car transporter is unloading on the existing no stopping lines with no effect to traffic flow. This proposal formalises the current situation.
9. Due to kerb side length between existing driveways the maximum length of loading zone achievable is 23 metres. This is slightly less than desirable but no adverse effects are anticipated.
10. The proposal will serve both Archibalds on Tuam dealership and the neighbouring yard of Archibald Barr Motor Company for vehicle delivery purposes. Both dealerships are supportive of this initiative to remove loading from the traffic lane hence they support this proposal.

FINANCIAL IMPLICATIONS

11. An estimate cost of this work is \$500.

Do the Recommendations of this Report Align with 2006-16 LTCCP budgets?

12. The installation and removal of road markings and signs is within the LTCCP Street and Transport Operational Budgets.

LEGAL CONSIDERATIONS

13. The Land Transport Rules provide for the installation of parking restrictions.

Have you considered the legal implications of the issue under consideration?

14. As above.

ALIGNMENT WITH LTCCP AND ACTIVITY MANAGEMENT PLANS

15. Aligns with the Streets and Transport activities by contributing to the Council's Community outcomes-Community and Safety.

12. 6. 2008

Hagley/Ferrymead Community Board 7.5.2008

Do the recommendations of this report support a level of service or project in the 2006-16 LTCCP?

16. This contributes to improve the level of service for parking and safety.

ALIGNMENT WITH STRATEGIES

17. The recommendations align with the Council's Parking Strategy 2003.

Do the recommendations align with the Council's strategies?

18. As above.

CONSULTATION FULFILMENT

19. Consultation has been carried out with Archibalds on Tuam and Archibald Barr Motor Company. A meeting has been held with a representative from each dealership to seek opinions and views to the needs of their businesses. Both dealerships support the establishment of a 'P5 Loading Zone (Goods Vehicles Only)' on the southern side of Tuam Street to service their businesses.

STAFF RECOMMENDATION

It is recommended that the Council approve:

- (a) That the stopping of vehicles be prohibited at any time on the south side of Tuam Street commencing at a point 47 metres from its intersection with Antigua Street and extending in an easterly direction for a distance of 23 metres, be revoked.
- (b) That a "Loading Zone (Goods Vehicles Only) for a maximum of 5 minute" be created on the south side of Tuam Street commencing at a point 47 metres from its intersection with Antigua Street and extending in an easterly direction for a distance of 23 metres.

BOARD RECOMMENDATION

That the staff recommendation be adopted.

PART B - REPORTS FOR INFORMATION

6. DEPUTATIONS BY APPOINTMENT

6.1 OLIVER CLIFFORD

Oliver Clifford, recipient of the Board's Youth Development Fund, spoke to the Board about his trip to the Hague International Model United Nations. Oliver thanked the Board for its assistance and provided examples of his experience and his learnings.

The Chairman thanked Oliver for his presentation.

6.2 REDCLIFFS RESIDENTS' ASSOCIATION

Alison Powell and Topsy Rule spoke to the Board on behalf of the Redcliffs Residents' Association, regarding Clause 15. They expressed concern at the content of the report and the lack of time for residents to consider its content. They asked that the Board defer consideration of the report to allow residents sufficient time to consider it properly.

The Chairman thanked Mrs Powell and Mrs Rule for their submission.

This deputation was considered as part of Clause 15.

6.3 KENDAL SMITH AND JAMES BECK OF ATTITUDE

Kendal Smith and James Beck of Attitude (Programmes for Schools) provided members with an overview of the Attitude programme. The Attitude programme targets young people and teenagers by going out to high schools and delivers seminars for students on issues such as mental health issues,

12. 6. 2008

Hagley/Ferrymead Community Board 7.5.2008

sex, and relationships. In 2007, the programme went to 84 percent of high schools nationwide, and 100 percent of high schools in Christchurch. Ms Smith advised that an evaluation of the programme carried out in 2007 was positive with 91 percent of those surveyed rating the programme as 'worthwhile' or 'really worthwhile'.

The Chairperson thanked Ms Smith and Mr Beck for their submission.

7. PRESENTATION OF PETITIONS

Nil.

8. NOTICE OF MOTION

Nil.

9. CORRESPONDENCE

Nil.

10. BRIEFINGS

Nil.

11. COMMUNITY BOARD ADVISER'S UPDATE

The Board **received** information from the Community Board Adviser covering upcoming meetings and events and other relevant information, including whether there was a need for microphones in the Boardroom.

The Board **agreed** to write a letter to the Chief Executive expressing its dissatisfaction at the delay of getting microphones for the Board room and request that funds be found from the operational budget to outfit the Board room.

12. MEMBER'S QUESTIONS

Bob Todd asked if the Board could be advised when remedial work in the Moa Caves, Redcliffs, would be complete and what the project costs to date were.

PART C – DELEGATED DECISIONS TAKEN BY THE BOARD

13. CONFIRMATION OF MEETING REPORT – 16 APRIL 2008 AND 17 APRIL 2008

The Board **resolved** to confirm the reports of its ordinary meeting of 16 April 2008 and extraordinary meeting of 17 April 2008 be accepted as a true and correct record.

12. 6. 2008

Hagley/Ferrymead Community Board 7.5.2008

14. PROPOSED NAME CHANGE FOR VIA MARIS WAY

The Board considered a report seeking approval to change the name of Via Maris Way to Rapanui Ridge.

The Board **resolved** to approve the proposed name change of Via Maris Way to Rapanui Ridge.

15. MAIN ROAD REDCLIFFS PEDESTRIAN CROSSING – RELOCATION / UPGRADE

The Board considered a report which provided information on options in relation to the existing pedestrian crossing on Main Road at the Redcliffs shopping village.

The Board **resolved** to defer consideration of the report for three months to allow the Redcliffs Residents' Association to consider the report.

16. MOORHOUSE AVENUE BY INDY CARS – PROPOSED LOADING ZONE (GOODS VEHICLES ONLY)

The Board considered a report seeking approval to install a P5 loading zone and convert an existing loading zone to 'P5 at any time' in Moorhouse Avenue, west of Pilgrim Place, outside Indy Cars.

The Board **resolved** to approve :

- (a) That the existing P5 Loading Zone on the south side of Moorhouse Avenue commencing at a point 66.5 metres from its intersection with Pilgrim Place and extending in a westerly direction for a distance of 7.5 metres be revoked.
- (b) That the existing P5 Loading Zone on the south side of Moorhouse Avenue commencing at a point 81.5 metres from its intersection with Pilgrim Place and extending in a westerly direction for a distance of 8 metres be revoked.
- (c) That a "Loading Zone (Goods Vehicles Only) for a maximum of 5 minutes" be created on the south side of Moorhouse Avenue commencing at a point 27 metres from its intersection with Pilgrim Place and extending in a westerly direction for a distance of 32 metres.
- (d) That the parking of vehicles be restricted to a maximum period of 5 minutes on the south side of Moorhouse Avenue commencing at a point 81.5 metres from its intersection with Pilgrim Place and extending in a westerly direction for a distance of 8 metres.

17. SELWYN STREET BY INTEGRITY SERVICE CENTRE – PROPOSED LOADING ZONE (GOODS VEHICLES ONLY)

The Board considered a report seeking approval to install a P5 loading zone (Goods Vehicles Only) at number 480 Selwyn Street, north of Moorhouse Avenue, outside Integrity Service Centre.

The Board **resolved** to approve that a "Loading Zone (Goods Vehicles Only) for a maximum of 5 minutes" be created on the east side of Selwyn Street commencing at a 64 metres from its intersection with Moorhouse Avenue and extending in a northerly direction for a distance of 19 metres.

18. ST ASAPH STREET BY AUTO SELECT – PROPOSED LOADING ZONE (GOODS VEHICLES ONLY)

The Board considered a report seeking approval to install a P5 loading zone (Goods Vehicles Only) in St Asaph Street, west of Montreal Street, outside Auto Select and a 'P30' parking restriction in St Asaph Street outside Home Leader Bathroom Centre.

12. 6. 2008

Hagley/Ferrymead Community Board 7.5.2008

The Board **resolved** to approve:

- (a) That the existing 'P30' parking restriction on the south side of St Asaph Street commencing at a point 96 metres from its intersection with Montreal Street and extending in a westerly direction for a distance of 26 metres, be revoked.
- (b) That the existing 'P30 (vehicles displaying mobility cards at any time)' parking restriction on the south side of St Asaph Street commencing at a point 137 metres from its intersection with Montreal Street and extending in a westerly direction for a distance of 19 metres, be revoked.
- (c) That a 'Loading Zone (Goods Vehicles Only) for a maximum of 5 minutes' be created on the south side of St Asaph Street commencing at a point 96 metres from its intersection with Montreal Street and extending in a westerly direction for a distance of 26 metres.
- (d) That the parking of vehicles be restricted to a maximum period of 30 minutes on the south side of St Asaph Street commencing at a point 122 metres from its intersection with Montreal Street and extending in a westerly direction for a distance of 27 metres.

19. TUAM STREET BY MILES CONTINENTAL – PROPOSED LOADING ZONE (GOODS VEHICLES ONLY)

The Board considered a report seeking approval to install a P5 Loading Zone (Goods Vehicles Only) on Tuam Street, west of Montreal Street, outside Miles Continental.

The Board **resolved** to approve, subject to staff to staff contacting Miles Continental regarding the option of placing the loading zone over one of their entrance areas:

- (a) That the existing pay and display parking restriction on the south side of Tuam Street commencing at a point 43 metres from its intersection with Montreal Street and extending in a westerly direction for a distance of 25 metres be revoked.
- (b) That a "Loading Zone (Goods Vehicles Only) for a maximum of 5 minutes" be created on the south side of Tuam Street commencing at a point 43 metres from its intersection with Montreal Street and extending in a westerly direction for a distance of 25 metres.

20. 2007/08 PROJECT AND DISCRETIONARY FUNDING – SIX MONTH ACCOUNTABILITY REPORT

The Board considered a report providing an update on the balance of its 2007/08 project funding allocations and progress on expenditure of those funds.

The Board **received** the report.

The meeting concluded at 5.05pm.

CONFIRMED THIS 21ST DAY OF MAY 2008
