

## 6. INSPECTIONS & ENFORCEMENT UNIT ANNUAL REPORT 2007-08

The Committee considered the Inspections and Enforcement Unit 2007/08 Annual Report following staff recognising the need to provide the Council, through the Committee, with better information in regards to the service outputs and operational issues as they relate to the Council's inspections and enforcement functions.

The Committee **decided** to receive the Inspections & Enforcement Unit Annual Report.

The Committee **noted** that future annual reports would benefit from the inclusion of yearly comparisons.
