

ELECTION OF TWO (2) COUNCILLORS FOR THE FENDALTON WARD

Diana BRADLEY

Green for Christchurch 2021

I am married with three teenage children and a Newfoundland dog. As a resident of the Fendalton Ward for 12 years, I am well aware of the problems in the area. While deputy chairperson of the Merivale Precinct Society, I campaigned against infill housing, and the loss of heritage buildings and trees. Since my election to the Community Board in 1998, I have been a strong advocate for alternative forms of transport. I believe that every street should be a liveable street: imaginatively landscaped, a safe passage for pedestrians and cyclists, where opportunities for human exchange are emphasised, rather than corridors for vehicles. I support urban villages, where people work and shop near where they live, fostering local enterprise and identity. Healthy cities start with healthy communities, where each member is valued, and people work together to find urban solutions that are socially, environmentally and financially sound. Phone 3514427

Richard POLE

Independent for Christchurch 2021

I am a 26-year-old trainee doctor at the Christchurch School of Medicine, and resident of the Fendalton Ward. I have been an elected representative of medical students since starting university in 1993. I will soon step down as President of the New Zealand Medical Students' Association - a role I have used to draw attention to the growth of medical student debt and the potential this has to fuel a New Zealand 'brain drain'. I also work part-time in the community as a driver for the 24-Hour Surgery and do voluntary work with the District Truancy Service. I am passionate about bringing a youthful and energetic perspective to the decision-making table. With experience in student politics and community activities, I hope to represent the Fendalton Ward and its issues well. I am contactable at 351 2183 or rpole@chmeds.ac.nz.

ELECTION OF TWO (2) COUNCILLORS FOR THE FENDALTON WARD

Barbara STEWART

Independent Citizens

I have worked in local body government for 12 years. In those years I have been on numerous Council Committees as well as a Director of the Christchurch City Holdings Board, the Canterbury Development Corporation, the Museum Board, the Riccarton Bush Trust, Skope Industries Limited and the Christchurch Symphony Orchestra. The matters of concern in the Fendalton are are; traffic speed and traffic management, the Fendalton Road upgrade, the loss of major trees particularly relating to infill development, the support of overall improvements to better the community atmosphere and safety for everyone, electrical undergrounding to accompany kerb and channel street upgrading, tough reaction to graffiti and vandalism, and core local body work improving such basics as footpath maintenance and gutter rubbish. It is a privilege to work for my Community and I will work to continue to respond to requests in my area. phone 351-7792.

Gina WILLIAMSON

Citizens & Residents

Married and resident of the ward for 27 years. A registered nurse, community advocate and garden consultant, I am dedicated to improving the dialogue between community and Council. I believe in a dynamic council that is responsive to community needs, especially providing ratepayers with good amenities, a rich and varied cultural life and value for money. 'We have go to be smarter, more innovative, more sympathetic, to new ideas.' My goals are: more prosperous, cleaner, greener, safer city, an increased level of undergrounding of services, greater protection for trees and historic buildings.'

ELECTION OF TWO (2) COUNCILLORS FOR THE FENDALTON WARD

您好！

我參加了市政府每月舉辦的社區委員會會議。我擔心：亞裔移民關心的問題沒有引起足夠的重視，他們在使用市政府的服務方面也很有限。如果當選，我相信社區委員會會議應當撥出專門時間來非正式地處理你們的問題。如果你們有什麼擔心的事，請打電話給我。本人樂意洗耳恭聽。

Ron WRIGHT

Independent Citizens

Thank you to the people of Fendalton for your support over many years. As your Councillor seeking re-election I will continue to fight for: an increase in underground electrical reticulation in conjunction with kerb and channel renewal; a rating level no more than the rate of inflation; improved street lighting to ensure safety for users during the hours of darkness; increased frequency of street cleaning (gutters and flat channels); improved beautification and maintenance of street garden plots; improved cleaning of our rivers and waterways; reduced speed levels at schools, kindergartens and childcare centres; stronger penalties for graffiti and vandalism; improved maintenance standards of our roads, footpaths, parks and gardens; the right of the people to have their concerns heard. As your elected Councillor, I serve on the Strategy and Resources, City Services and Project and Property (Chair) Committees. Phone 025-325-772.
