

ELECTION OF TWO (2) COUNCILLORS FOR THE WAIMAIRI WARD

Sally BUCK

The Positive One Who Gets It Done

There are lots of very interesting and lovely people living in the Waimairi Ward and it has been my privilege and pleasure to represent you and meet many of you. I have worked hard with residents on issues such as drainage, roads, rubbish, consents, footpaths, trees, parking, graffiti, lighting, poles, traffic, speeding, noise, parks, pollution, playgrounds and other community concerns. The successes make it all worthwhile. There is not room here to elaborate on city issues like: smog, debt reduction, job creation, landfill, sewage outfall etc. What is more important here is that I hear your views on these issues so I can represent you well and act on your behalf. I am sensible, very approachable and innovative by nature and not easily discouraged. I can see the positive side of a situation which helps change concerns into positive action. What are your views? Ring me at home on 358-8217.

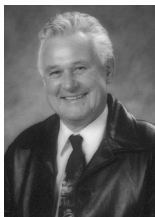

Ronald FUNG

Independent for Christchurch 2021

Having served our community for several years, I understand its needs. I have considered a number of issues that are important for the quality of life and living standard of Christchurch people. They are to improve road safety in school zones, set up community crime watch programmes, encourage the use of public transport, maintain public facilities to a high standard, create job opportunities, and promote local business. It is important to keep Christchurch 'clean and green' and to seek effective ways to keep air pollution at low levels. Community support programmes are essential to the city and I want to establish support services for senior citizens and children, and services to encourage self-developments and motivation in teenagers. I believe that in order to be an effective Councillor it is important to hold regular meetings with the citizens and to build up networks for local and ethnic groups. Phone 3588218.

Pat HARROW

Independent Citizens

Existing City Councillor, Waimairi Ward. Co-owner, Sweethearts Restaurant and Berry fields. My personal visions and commitments for Waimairi and greater Christchurch are the maintenance of democracy in local government, and advocating that only elected members should be entitled to vote on Council issues. I do not support the inclusion of the Treaty in a revamped Local Government Act, with its obvious increases in costs to the ratepayers of the city. A new library in the Avonhead area, redevelopment of Bishopdale Mall and the Community Centre, an enhanced programme of undergrounding of overhead services, and provision of safe off-road cycle and walkways. The ongoing moves to encourage economic growth in tourism, information technology, modern transport, and the Plains irrigation project. A continuation of effort to reduce costs to the ratepayer, and the preservation of Christchurch as the most liveable city in New Zealand. Support the 'Garden City' image. Phone 359-5851

Yiyi KU
Independent Citizens

(Profile statement below)

I am 27 years old and I have lived in Christchurch for the last 13 years. I am a **sitting Community Board member** and during the last three years I have gained tremendous experience in local politics. I am standing for Council because I would like to extend my contribution. Our present council needs new blood and representation from young people. I am **energetic, hardworking**, and I am **committed** to working for the community. I am passionate about making sure our council provides us with **high quality basic services** such as roads and footpaths, **sensible traffic management**, **variety of leisure provision**, **low rates** through **responsible council spending** and sound investments, opportunities for **business growth**, and a **clean, beautiful, safe, garden city** to be proud of. I hope that you will give me a chance to work for you by giving me your vote. 敬請賜票! www.go.to/yiyiku
