## Election of SEVEN (7) Members of the Canterbury District Health Board

---

### **Alison WILKIE**

*Health 2021*

I have lived, breathed, studied and worked in health all my life. As a nurse who has worked in hospitals, with general practice, and extensively in the community, I know firsthand about people and their health needs. I have been a district health board member previously, and am now seeking re-election. I have worked in the Ministry of Health, in Maori health and owned a business. My breadth of experience will

enable me to be your effective voice on the board.

I will represent the interests of those with special health needs, the disabled, elderly and our children. I will advocate for better access and quality health services in rural communities.

As a pioneer in the establishment of the Asthma Society, I am committed to improving the management of chronic diseases, and in disease prevention.

Health is my passion, and improving your health services is my objective.
