

CHRISTCHURCH CITY COUNCIL

Election of SEVEN (7) Members of the Canterbury District Health Board

Alister JAMES

Health 2021

I seek re-election to the District Health Board so that I can continue the positive contribution that I am making to the improvement of health services for the people of Canterbury. I am working for a re-designed and expanded Christchurch Hospital Emergency Department with improved staffing and patient care.

My priorities include the retention of our rural hospitals, aged care and the provision of health services for our children and young people, including effective mental health and alcohol and drug services.

I support further investment in our oral health services with modern community oral health facilities. I will work for more effective primary health care services for our children including 'ready for school' health and wellness checks, new born hearing screening, early intervention and increased immunisation rates.

An active and hard-working board member, I deliver on my commitments.
