

CHRISTCHURCH CITY COUNCIL

Election of TWO (2) Councillors for the Burwood/Pegasus Ward

Chrissie WILLIAMS

Christchurch 2021

As your Councillor I will represent your views, and promote meaningful consultation and transparent decision making. I am determined to control rates without extravagant spending, while maintaining our infrastructure and quality of life. I support well-resourced local facilities to build and sustain resilient neighbourhoods.

I support pure drinking water, cleaner rivers and Estuary, bus clearways at peak times and completed cycle networks. I want us to limit sprawl, and redevelop New Brighton in a way that respects the existing community - without excessive high-rise. I commit to public ownership of city assets.

I was a Community Board member for nine years, and am on the Estuary Trust, Lincoln University Council, Red Bus and Conservation Board. I've lived in the east for twenty years, and raised my family here. I am totally committed to our community.

I'm proud to stand with 2021 - teams get things done.
