

CHRISTCHURCH CITY COUNCIL

Election of FIVE (5) Members of the Hagley/Ferrymead Community Board

Eamon DALY

Christchurch 2021

Community Board work is about local issues and people. It's about building community belonging and ownership. My commitment is to work hard for a community that we all feel a part of, where we all feel safe, and where we can get things done.

I want to live in a community which respects its heritage and celebrates its diversity. There should be no major changes to the Arts Centre, and everyone should feel welcome in Cathedral Square. Buildings should be in harmony with their surroundings, and the central city should be a friendly place for pedestrians.

I have extensive advocacy, governance, and representative experience, including over five years on the Bioethics Council and four years on the Human Rights Review Tribunal. I've also an extensive education in ethics and information technology. I want to put this experience to work for you.

Call me on 366 7124. E-mail: eamon@xtra.co.nz
