

CHRISTCHURCH CITY COUNCIL

Election of FIVE (5) Members of the Fendalton/Waimairi Community Board

Faimeh BURKE

Christchurch 2021

My commitment to you is to advocate your concerns, ensuring that your voice is heard.

I stand for: increased public safety; a cleaner city with a sustainable environment; retaining Christchurch's pure water; maintaining the garden city image; preserving heritage buildings and notable trees; better lighting, signage and recycling; reducing traffic congestion; encouraging new

migrants' active participation in community life and close scrutiny of the Council's finances.

As an elected member of your Community Board, I have worked hard for you on all Board Committees, numerous subcommittees, the CCC heritage committee, ECan's flood protection committee and Keep Christchurch Beautiful. I am also Chair of the Christchurch Intercultural Assembly, a Board Member of the Merivale Precinct Society and the Christchurch Austrian Society and an accredited translator.

With my wide range of experience and skills from employment, travel and academic studies I can help achieve the best for our community and city.
