

CHRISTCHURCH CITY COUNCIL

Election of FIVE (5) Members of the Shirley/Papanui Community Board

Gabrielle STEWART

Christchurch 2021

I am standing for election to the Shirley/Papanui Community Board because I consider our community of St Albans, like many other communities in Christchurch, a wonderful place to live and raise a family. Legally trained, I have many years experience in the commercial, government and community sectors. I will put my experience to good use to tackle what I believe are the important issues for our community and city.

I am committed to building a safer community, supporting your grassroots services, protecting our community's unique character and our recreational assets, to spending ratepayer's monies effectively.

As our communities become more intensified I believe that the role of the Community Board to engage with you is critical to ensure that you play a leading role in the development of our communities.

I will engage with you. I will listen to you. My Community Board membership will be about serving you.
