

CHRISTCHURCH CITY COUNCIL

Election of TWO (2) Councillors for the Hagley/Ferrymead Ward

Grahame THORNE

With a strong record of service on City and Borough Councils, of chairing Regional Authority Committees, and as an MP, I have the experience required and look forward to making a positive contribution to Christchurch.

I've moved here from Nelson with my wife and children due to a serious rugby injury to our son David. Since we came here over a year ago the people of this City have been amazingly supportive. Because I have decided to live here I believe I should contribute to the City and hence have put my name forward to stand for Council.

I believe I can bring energy and vision and a fresh perspective to a City which is in my opinion at a cross roads. With house prices where they are Christchurch must look at inner city projects which give affordable housing.

Christchurch needs Councillors with track records and experience. I have this.
