

CHRISTCHURCH CITY COUNCIL

Election of FIVE (5) Members of the Fendalton/Waimairi Community Board

Graham EVANS

Independent Citizens Assoc

Living and working in the area for over 30 years has given me an acute awareness of the needs of the ward.

If you elect me; I undertake to make a real impact on the ward, particularly by being fair and honest and will base my decisions on good and comprehensive information gained through asking the hard questions. I will also make sure that the outcomes of ward decisions are made known to all

interested parties.

Over my years in Christchurch I have been very much involved with young people through coaching swimming, tennis, basketball and cricket teams.

As a community board member one of my priorities will be to ensure there are community partnerships to provide programmes for young people.

I have grown up here and worked at the city's airport for over 40 years as an aircraft engineer; currently working as a Planning Leader for Air New Zealand.
