

CHRISTCHURCH CITY COUNCIL

Election of FIVE (5) Members of the Fendalton/Waimairi Community Board

Jamie GOUGH

Independent Citizens

I believe in incentives not disincentives, rewarding go-getters, encouraging forward thinking, supporting strong communities and preserving our heritage.

Our public servants often forget they are just that. I want to be your elected community board member and you'll never have to remind me who put me there.

My background's in marketing, property and travel and tourism and I'm active and vocal on various council focus groups and boards. I'm on the Central City Business Association, working hard with an incredibly talented group to revitalise our CBD, which I think is absolutely essential - I'm also the Elected Treasurer of the association.

This is a journey for me and I need your help; my dream is to progress from here to Council then one day Mayor; so I can't afford not to excel in this position.

I'm proud to be backed by Independent Citizens and hope you'll back me too.
