

CHRISTCHURCH CITY COUNCIL

Election of FIVE (5) Members of the Fendalton/Waimairi Community Board

Jimmy ROYAL

Christchurch 2021

Like anyone running a business or household, I am aware that spending has limits. I agree with 2021's commitment to scrutinise Council spending to ensure ratepayers get value for their money. As we continue to experience economic growth and with the forthcoming free trade deal with China, roading and efficient transport need to be a priority. Ensuring efficient alternative commuter transport is also

essential to our sustainable growth.

I support community development and the fostering of links between the peoples that make up the Fendalton/Waimairi ward, and the city as a whole. With my family I have lived in Christchurch for 18 years and have found the city a welcoming place we are pleased to call home. The city has wonderful amenities, gardens, libraries and places of historic significance. I will work to support those amenities and the right of each citizen to enjoy them.
