

CHRISTCHURCH CITY COUNCIL

Election of FIVE (5) Members of the Hagley/Ferrymead Community Board

Johnny MOORE

The Positive Choice

I am passionate about Christchurch city. I live, work and play in the city and love all it has to offer.

The opportunity to represent the Hagley-Ferrymead ward excites me. Not only does this area encompass central Christchurch, it has some of the city's most stunning landscapes and an enormous diversity of cultures and people.

As Marketing Manager for one of Christchurch's most successful developments, South of Lichfield (SOL), I have learned to manage issues, listen, budget, be accountable and affect change. I have developed the skills required to overcome obstacles on the way to achieving my goals.

Community boards are about listening to and working with people at a local level to create great communities. I will work hard to listen to the community, react, create and enhance this wonderful city. Together, I know we can make this a place everyone is proud of.
