

CHRISTCHURCH CITY COUNCIL

Election of FIVE (5) Members of the Spreydon/Heathcote Community Board

Karolin POTTER

Christchurch 2021

I promise to work hard to restore citizens' access to the City Council and to Council facilities, libraries, swimming pools, planning and resourcing, and where there is a cost, to keeping that as low as possible. I will strive for clean water, a clean Heathcote, a sustainable city, and public transport and to keep and improve our parks and the hills.

I have chaired school and residents' committees and have been active on many issues, including child and woman's welfare, childcare, education, roads, footpaths and the environment. I believe in equality of opportunity for everyone, especially for our children, older people and the disadvantaged.

When elected I will hold monthly clinics to find out what you want from your representative. I am accessible and knowledgeable about the area in which I have lived for 21 years. And I think representing you should be fun too.
