

CHRISTCHURCH CITY COUNCIL

Election of FIVE (5) Members of the Burwood/Pegasus Community Board

Kevin CAMPBELL

Christchurch 2021

Local Community Boards are important bodies in the decision-making process in our great city. I believe the first principle of social justice is that the people most affected by a decision should be most involved in the decision-making process.

For that reason I am offering myself to serve on the Burwood-Pegasus Community Board within the Christchurch

2021 team. With the 2021 team, I am committed to making our city a better place; sharing a vision to promote the Common Good; not the interests of a few, not just the many, but the Common Good of all our citizens.

I enjoyed the privilege of serving all New Zealanders as an MP and as a policeman, and now look forward to serving the People of the Burwood-Pegasus Ward as a Community Board Member.

I would be grateful for your support, enabling me to work for you.
