

CHRISTCHURCH CITY COUNCIL

Election of TWO (2) Councillors for the Burwood/Pegasus Ward

Marcus PUENTENER

A Better City/Independent

I am an independent candidate who will bring much needed integrity and common sense to the council. We all want “A Better City” and for that we need a council that cares and listens to community concerns and acts in their best interests. I have the time, energy and skills to restore the public’s faith in council decisions which benefit all of us.

I believe councilors should get elected on their commitment to serve the public, not on the size of their campaign budgets, public profile or party allegiance.

Christchurch needs better representation and consultation, sympathetic and sustainable development, protection of our parks and waterways and keeping rates affordable through avoiding unnecessary spending.

I have been active in various community organisations for a number of years which has driven me to seek election. Please consider voting for “A Better City” and Marcus Puentener. Contact me on 382 6334 or mpuentener@gmail.com
