

CHRISTCHURCH CITY COUNCIL

Election of FIVE (5) Members of the Burwood/Pegasus Community Board

Marcus PUENTENER

A Better City/Independent

As your independent representative on the Community Board I will work for you and “A Better City”. Along with the serious issues of air and water quality, transport and safety, the heart of the community is also important.

Let’s make the larger Brighton area exciting and fun. Imagine a fantastic children’s playground beside the library, an outdoor film season, cultural concerts, sculpture trail, beach

carnival and hot pools!

Preserving the character and beauty of the area through common sense decisions on development, saving trees in our parks etc is a legacy for future generations. I will seek and value input from residents and community groups.

I have the time, energy and skills to make a positive difference. Please consider voting for a fresh, creative and common sense approach, a vote for a better city through better consultation and representation.

Feel free to contact Marcus Puentener on 382 6334. mpuentener@gmail.com
