

CHRISTCHURCH CITY COUNCIL

Election of Mayor

Mark ROSS

The Street Cleaner

I have the answer to Christchurch's problems that all make us cringe. It is called Common Sense and Accountability.

I am a Working Class Man (Street Cleaner) that is sick and tired of watching Christchurch turning itself into an unsafe pride-less blip on the map.

I am NOT going to bribe you with 'current event campaign issues'. I will only listen to what YOU think. I will put my

personal views aside for what Christchurch wants as a whole. You will have the ONLY voice if I become Mayor, not a party or business funded 'independent'.

I am the only Loyal and 'Accountable' Christchurch Independent. If after one year the people believe that I have not reached their expectations, I will resign. How is that for a real change?

Use your vote for the good of Christchurch, do not be 'sucked in' for another three years.

Vote, Mark Ross
