

CHRISTCHURCH CITY COUNCIL

Election of TWO (2) Councillors for the Shirley/Papanui Ward

Matt MORRIS

Christchurch 2021

I will work for you to promote strong, inclusive neighbourhoods with properly funded community facilities like your local swimming pool. I'll push for bus clearways and better cycleways. I'll engage with young people to develop safer communities and better youth facilities. And I'll push to protect our greenspaces, parks and community gardens.

My team works for a city that's unpolluted, safe and feels good to be in.

Previously I have worked as advocate for the Christchurch Community Gardens Association and helped build our local organic farming sector. I've served on many different community committees. I've been a Press columnist, I've taught New Zealand history at Canterbury University and I hold a Ph.D. on Christchurch's social and environmental history. At the same time, I work as a supermarket manager.

I live in Shirley, by the Shirley Shopping Centre. I'm accessible and enthusiastic, so please contact me on 3861025 or theyellowroom@xtra.co.nz
