

CHRISTCHURCH CITY COUNCIL

Election of Mayor

Megan WOODS

Christchurch 2021

I feel lucky to live in Christchurch and enjoy the lifestyle and opportunities our city offers.

Our Council can do more to make Christchurch better. We're paying higher rates for fewer services.

We deserve better, and this is why I'm asking you to vote for me.

Christchurch was built by talented people, working together with a shared vision, and that is how we should move into the future. As a Business Manager for Crop & Food Research and a Community Board member, I know about practical leadership and I'm proud to be leading a strong 2021 team.

I commit to working co-operatively and listening to you, stopping privatisation of our assets, reviewing extravagant spending like the \$100m civic palace, and protecting our precious drinking water.

We need a fresh approach.
