

# CANTERBURY DISTRICT HEALTH BOARD

## Election of SEVEN (7) Members of the Canterbury District Health Board

### **Michael HANSEN**

#### *Electronic Schizophrenia*

There is no such thing as schizophrenia. It is all done with microphones, and microwave surveillance, and the use of a ray which can go thru walls to sting and annoy victims. The talking can be tape recorded and taken to the Labour Govt Police, whom refuse to listen to it. No one should be “jailed” in Sunnyside hospital without a release date. It is politically too easy to put people in a Mental hospital, and put them on

drowsy medication.

“Thrush” in men is another neglected issue under Labour, it is a myth men do not get it; if it gets into the works, they spread it from woman to woman. The CDHB should run an advertising campaign encouraging men and their partners to seek treatment. You should not have to work with men with “thrush”.

#### *Conflict of Interest Statement*

I state in good faith that to the best of my knowledge and belief, as at the date of my consenting to nomination that I have no conflict(s) of interest with the Canterbury District Health Board. I state in good faith that to the best of my knowledge and belief, as at the date of my consenting to nomination that I do not believe that conflict(s) of interest with the Canterbury District Health Board are likely to arise in the future.
