

CHRISTCHURCH CITY COUNCIL

Election of TWO (2) Councillors for the Riccarton/Wigram Ward

Mike MORA

Christchurch 2021

I have represented the Residents and Businesses of the Riccarton/Wigram Ward for 15 years on the Community Board, and I now request your support to represent you on the Council.

I have served two terms as Community Board Chair; know the area, the issues and problems.

This Ward has some real issues with growth and development. We need to get it right and minimise negative effects on our residents and Communities.

My priorities are Transport, Traffic and Roothing, and social matters affecting our Communities

I've led the development of the Blenheim Road Deviation, Halswell Domain, Community Hall in Templeton, the proposed New Aquatic Facility, and traffic and other issues surrounding Hornby Mall. I won't forget our rural residents and their issues.

I have the knowledge and experience to represent you on the City Council. Being part of the 2021 team gives me added support to achieve your Goals.
