

CHRISTCHURCH CITY COUNCIL

Election of FIVE (5) Members of the Riccarton/Wigram Community Board

Mike READMAN

Christchurch City Vision

I'm standing for community board under the City Vision banner as I believe in their principles strongly - a safe, clean, prosperous Christchurch.

My vision is to see Christchurch become a much more vibrant and successful city with a higher standard of living, both monetarily and in quality of life. There's no reason to hold ourselves back, all that is needed are logical, practical

decisions made by our councils.

I'm one of the first 15 founding members of City Vision. I've worked for over 3 years in Riccarton Wigram at General Cable as a machine operator. I've been on the health and safety committee in my work area as facilitator for one year. I've been in Oaklands Toastmasters for five years and have achieved the advanced communicator qualification.

I've previously worked in electronics assembly and also worked for Inland Revenue where I was also on the health and safety committee.
