

CHRISTCHURCH CITY COUNCIL

Election of TWO (2) Councillors for the Fendalton/Waimairi Ward

Mike WALL

Independent Citizens

I care about our community and its future.

A safe, prosperous and liveable city comes from having an engaged community and strong civic leadership. Engaging residents in ensuring this happens is a priority.

My family have been residents of the Fendalton Waimairi ward for 17 years. I have represented you as a Community Board member since 1998. As your Councillor, I will ensure

your voice is heard and your issues and concerns are addressed and remedied quickly and fairly.

I value the work done by community organisations and have served on a number of community Trusts. I'm currently a board member of the Orana Park Wildlife Trust, and the Christchurch Citizens Advice Management Team.

I believe in communication, consultation, and collaboration to improve the way the Council delivers its services.

I believe I have the skills, experience and judgement needed to be a strong, effective voice on the Council.
