

CHRISTCHURCH CITY COUNCIL

Election of TWO (2) Councillors for the Hagley/Ferrymead Ward

Nathan RYAN

Christchurch City Vision

My name is Nathan Ryan, I am standing as a candidate for Christchurch City Vision for the Hagley/Ferrymead ward. I have lived within the ward for around 15 years. I have a work background consisting of hospitality and sales. I am a parent of 2 primary school aged children, attending school within the ward. During the last 3 years, I have become more and more frustrated with the current councils obvious inaction to

many important issues such as, rate increases, boy racers, taggers and council spending. Issues that not only concern the people living in the community within the Hagley/Ferrymead ward, but the community of the city of Christchurch.

Only by addressing the important concerns 'head-on', instead of side stepping them, will we be able to resolve them.

A complete change of council is the only way to reverse the mismanaged direction this council has taken.
