

CHRISTCHURCH CITY COUNCIL

Election of TWO (2) Councillors for the Burwood/Pegasus Ward

Nicky TAYLOR

Independent

Nicky Taylor is standing for city council.

She teaches literacy, is a mother of two and a proud Cantabrian.

Nicky says that friends, family and the people she meets in shops, community groups and through Trade Me are better than the news would have you believe. She would like to see Christchurch portrayed fairly.

She believes that we need to make our city safer, help people to feel part of their neighborhoods and concentrate on what is important for real people. Nicky helped form her neighborhood support group in Avondale.

Nicky wants council housing to stay in public hands, and local roads to be well maintained.

Nicky believes that council members need to ensure they are working together for the good of our city's future. Her experience on committees has taught her that a sense of humour and a sense of priority are necessary.

Vote Nicky for Council.
