

CHRISTCHURCH CITY COUNCIL

Election of TWO (2) Councillors for the Shirley/Papanui Ward

Norm WITHERS

Independent

I am your experienced, caring City Councillor for the Shirley/Papanui Ward and “I do get things done”. As an Independent I am accountable to my constituents and the city as a whole, not any political party. I respond promptly to residents issues working tirelessly to achieve a satisfactory outcome.

Challenges are many - from the outset I opposed culling suburban libraries and service centres. I continue to oppose the Central Plains Irrigation Scheme and the principle of traffic access through the City Mall. A priority for me is the much needed Northern Roding Arterial Outlet and sooner than too late.

I have been involved in many sports at representative level and have fundraised for young sports people for 25 years.

I look forward to your support for a 3rd term at Council - lets endeavour to make Christchurch City an even better, safer place in which to live or visit.
