I am keen to take up the challenge as a Community Board member.

In the 1970's Ian and I owned and operated Mountain View Holiday Park in Hanmer Springs. Today 19 years later we own a 710ha sheep and beef hill country property in Pigeon Bay.

As a past President of North Canterbury Federated Farmers I have addressed a wide range of issues and have a clear understanding of the Local Government Act 2002 and the Resource Management Act.

In 2000 I was awarded a Banks Peninsula Community Service Award and I continue to be involved with community activities. I am a passionate advocate for our community and want to see urban and rural people working together.

We need to ensure that we have sustainable communities while at the same time able to enjoy our unique environment.
