

# CHRISTCHURCH CITY COUNCIL

## Election of Mayor

---

### **Peter WAKEMAN**

*Independent*

Labour seat voter, against the Iraq War therefore voted Green Party for last Parliament. 47 years old and born in Christchurch. In 1998 I stood for Council and Mayor, Gary Moore won and also contested Winston Peters and Tariana Turia, Maori Party co-leader for a seat in Parliament. Worked as an airline jet pilot in Singapore. We must protect water and food growing areas from pollution. I'm disgusted at the yearly increases of electricity, rates, and the impact of proposed carbon taxes on our living costs. Stop Ami Stadium funding. Christchurch is becoming too expensive to live in, hence the crime. Reduce traffic by making bus exchanges part of malls so it is safe and dry to access the services provided. Retain assets to give long term benefits. People's great ideas and questions need to be heard. Phone 3557200 or view website [www.peterwakeman.org](http://www.peterwakeman.org). This election is about actions not promises.
