

# CHRISTCHURCH CITY COUNCIL

## Election of FIVE (5) Members of the Burwood/Pegasus Community Board

---

### **Richard ALDERSON**

*Independent*

Having chosen to live in the Burwood/Pegasus ward, I am passionate about the success and continued growth of the area. I have enjoyed being the Deputy and Chairperson of the Dallington Residents Association for the past 8 years and have been involved in various successful local projects.

Your local Community Board acts as a link between the local Residents and the Council. Due to the reduced number of

councillors in these elections the community board will have more input into the local decisions. I would like to be able to provide transparency on most issues that affect the local area.

I am running as part of the Independent Team for Burwood/Pegasus Ward as we feel that there is no place for party politics in local body. My role would be a 3 year apprenticeship hoping to provide fresh input and a new view on decisions in the coming term.
