

# CHRISTCHURCH CITY COUNCIL

## Election of FIVE (5) Members of the Burwood/Pegasus Community Board

---

### **Robin BOOTH**

*Elect Robin Booth*

I've been actively elected into local body politics for nine years now. The positions I've held have ranged from City Councillor to Canterbury District Health Board Member to Community Board Member. I'm now standing for a seat on the Burwood Pegasus Community Board because I live in New Brighton and am keenly interested in what happens and how it happens in my community. This includes what happens to our beaches and parks, rivers and roads, buildings and developments, rubbish and waste disposal, to whether the local Community Board sponsors after school programs for children. Over the years I've made my living from renovating houses, manufacturing food products and writing books. Out of the many political people I've met I've always admired Carol Evans for her independence and the dedication she's shown her community. Upon this basis I ask you to vote for me, Robin Booth this elections.
