

CHRISTCHURCH CITY COUNCIL

Election of FIVE (5) Members of the Hagley/Ferrymead Community Board

Rod CAMERON

Independent for Common Sense

The candidates you vote for can often be a difficult decision. Most voters know very little about them. Your vote is safe with me. As an unbiased independent I believe in common sense decision-making based on sound community consultation free of party politics. If elected I am prepared to act as the voice for the silent majority. As a previously elected board member (2001 election) I am acutely aware of

issues within the local community and have the advantage of experience. Married 36 years with 3 adult children I have a strong, lifelong, sporting background involving cricket, rugby, fishing, rugby referees and many years in sports administration. A no nonsense, straightforward attitude will achieve sensible outcomes to problems such as graffiti, traffic congestion, street cleaning maintenance safety and upgrading, "boy racers", and personal safety. Priority for basic infrastructure. Please feel free to phone me on 332-3011 to discuss issues.
