

CANTERBURY DISTRICT HEALTH BOARD

Election of SEVEN (7) Members of the Canterbury District Health Board

Rod CAMERON

Independent

Canterbury born and raised, passionate about our province but disappointed about access to health care for our citizens.

Our hard-working health professionals generally provide excellent care once you gain access to it. We need to seriously demand adequate funding from central government to reduce our waiting lists for surgical

procedures for long suffering “wait listers”.

Adequate, careful planning is required to accommodate future requirements of our ageing “baby boomer” population. Common sense tells me that additional funding will not remedy all demands, but more judicious spending of available funds goes a long way towards reducing them.

It is imperative we maintain our outlying or rural hospitals to continue to provide local services and reducing pressure on Christchurch public. Having previously been elected as a community board member gives me good experience in a governance role and I am dedicated to offering common sense input to achieve positive outcomes. Ph 332-3011.
