

CHRISTCHURCH CITY COUNCIL

Election of SEVEN (7) Members of the Canterbury District Health Board

Rosanne HAWARDEN

Independent Citizens

Why would we let the fox watch over the health of the chickens? That is happening at the CHDB with government appointees and supporters tied to party policy, unable to put our best interests first. Change and fresh vision are needed to retain precious health

personnel and improve services, especially in neglected rural areas.

Belonging to a politically unaligned team, I will work hard to get your family the healthcare needed. As a nurse, midwife, director and computer entrepreneur with a university education in psychology, health and business, I have the scientific and governance skills. As a family person who has worked extensively for the Southern African community, I have a reputation for getting things done and convincing diverse groups to work together. Rosanne Hawarden stands for innovative solutions, good science, team and systems efficiency with resources shared fairly, especially for the vulnerable and elderly. Conflict of Interest Statement

I state in good faith that to the best of my knowledge and belief, as at the date of my consenting to nomination that I have no conflict(s) of interest with the Canterbury District Health Board except that my son is a medical student at an Australian university.

I state in good faith that to the best of my knowledge and belief, as at the date of my consenting to nomination that I do not believe that conflict(s) of interest with the Canterbury District Health Board are likely to arise in the future except that my son is a medical student at an Australian university.
