

# CHRISTCHURCH CITY COUNCIL

## Election of ONE (1) Councillor for the Banks Peninsula Ward

---

### **Steve LOWNDES**

*Independent*

I am standing in this election because Banks Peninsula needs a strong, totally independent representative on Christchurch City Council.

After six years experience of local government I believe I have served my apprenticeship. I have lived and worked on the Peninsula for nearly thirty years and I know the diverse communities which make it such a special place.

Since the merger nearly two years ago I have made it my business to become familiar with the City's political and managerial structure.

Being a Councillor involves a great deal of travelling. It is an easy drive to any destination on the Peninsula and to the City, from my home at Birdlings Flat.

If elected, I undertake to give you the best of my energy. I will support the Community Boards in their endeavours, listen to what you have to say and communicate the Peninsula's needs where it counts.
