

CHRISTCHURCH CITY COUNCIL

Election of FIVE (5) Members of the Spreydon/Heathcote Community Board

Tahu Potiki STIRLING

Christchurch 2021

My pledge to you all is that I will, to the best of my ability, consult on important issues, consider all matters and act responsibly in the decision-making process. I will support initiatives that enhance the quality of life of our residents and above all be accountable and collaborative in my actions.

Most of my life I have lived in South Christchurch and for over 20 years I have worked in the community developing projects like the Maori Sports & Health Festival and the Youth Workers Collective. I was a founding member of TAHU FM. I work in the Cardiorespiratory Outreach team at Christchurch Public Hospital where I consider it a privilege to assist patients in their life's journey.

I believe that Christchurch is the best city in New Zealand and I am committed to enhancing the environment and safety of the Spreydon/Heathcote area for the betterment of future generations.
