

CHRISTCHURCH CITY COUNCIL

Election of FIVE (5) Members of the Hagley/Ferrymead Community Board

Tim Maurice Philip CARTER

Independent

Obtaining a Bachelors degree in Civil Engineering, a Masters of Engineering Management and Financial sector qualifications, I have the experience to be a strong advocate on the Community Board. My experience of residing overseas and as a resident of Hagley/Ferrymead, will bring positive contributions to the Community Board. I am 30 years old with business interests in the community as well as

being a keen cyclist and sports person.

I have a strong civic background with both my grandfather and father having been Christchurch City Councillors. This environment has heightened my interest in standing for the Community Board.

I am passionate for Christchurch, believing it is a wonderful place to live. I am very enthusiastic towards Central City revitalisation, improving cycle safety and ensuring appropriate development controls particularly in the Ferrymead area. I wish to positively Contribute to the enhancement of the City of Christchurch
