

CHRISTCHURCH CITY COUNCIL

Election of FIVE (5) Members of the Burwood/Pegasus Community Board

Tim SINTES

Independent

I have been self-employed for about thirty five years running an owner operated fishing business off the New Brighton coast.

I have always had a keen interest in community affairs and was a member of the North New Brighton Residents' Association for many years.

I was also a member of the Pier and Foreshore Society for around eight years during which time I was Vice-President and proud to be part of the drive for the building of the new pier.

I have decided to run for Community Board as an Independent, as I want to be able to represent the community without being affiliated to any particular political party.

As I have lived on the Eastern side of town all my life, I am very passionate about this area, particularly the beach and feel that with my local knowledge I can truly represent the people of this electorate.
