

CHRISTCHURCH CITY COUNCIL

Election of FIVE (5) Members of the Burwood/Pegasus Community Board

Tina LOMAX

Christchurch 2021

It has been a privilege representing the Burwood-Pegasus community over the past three years. I am fully involved in local issues, attending many local Resident Association meetings and as a member of a number of Council Committees, including the Youth Development Fund and the Sport and Recreation Fund.

A key part of my Community Board role is advocacy, listening to community concerns and encouraging residents to participate in local decision-making processes.

I am passionate about developing safer, caring communities, particularly reducing youth offending. As Principal of Kingslea School I assist the Board in developing and evaluating such strategies.

I live adjacent to the Horseshoe Lake reserve. As a keen environmentalist I am concerned about our waterways and wildlife areas, wanting to preserve these for future generations.

If re-elected I will continue to work hard for the residents of Burwood-Pegasus, with experience to add to my energy.
