

CHRISTCHURCH CITY COUNCIL

Election of TWO (2) Councillors for the Hagley/Ferrymead Ward

Val MCCLIMONT

Christchurch City Vision

I am Val McClimont a candidate for Council in the Hagley-Ferrymead Ward with the City Vision Team.

I am in my tenth year teaching at Shirley Boys' High.

I am passionate about Christchurch where I have spent the greater part of my life; attending university here, working here and raising my family of four sons and a daughter here.

My primary reasons for standing are: to develop

Christchurch as a city with a much lighter footprint on the planet without increasing rates and to advance the cause of the marine recreational in our enlarged city, which now includes Banks Peninsula.

Rates increases must be held to, or under, the movement in inflation.

Green spaces must be preserved. E.g. Heathcote floodplain

Grand projects with big tickets must be pruned back E.g. Civic building

Access to the sea must be developed. E.g. marinas and slipways in Lyttelton
