

CHRISTCHURCH CITY COUNCIL

Election of FIVE (5) Members of the Hagley/Ferrymead Community Board

Wayne HAWKER

Christchurch 2021

I have lived in the ward for 27 years and currently play a strong leadership role in the community. We need this type of leadership if our communities are to continue to prosper and grow in future years. I have many years of experience helping to make policies and set budgets, looking out for the welfare of many families in our community.

I have and will always remain accountable to the people I represent and remain true to my values and the reasons I am putting my name forward to represent the residents of the Hagley/Ferrymead Ward. I have already met many of you during this campaign: please don't hesitate to contact me over any issue you may have. If I can help, you have my assurance I will. When I make a commitment I keep it: you will be vigorously represented by me when I'm elected.
